**Eco-Friendly, pH Neutral, Water Based
Industrial and Commercial Cleaning Solutions**

DISINFECTANTS YOU CAN TRUST

What if you could have disinfecting detergents that are:

- ✓ Sustainable, biodegradable, and eco-friendly
- ✓ Kind to humans and animals
- ✓ Certified to kill 99.999% of germs, including COVID-19
- ✓ Also powerful cleaners and deodorizers
- ✓ And save time, money, and space

NOW YOU CAN. Our disinfectants are all this. And more.

Powerful Cleaning: Scientifically selected packages of cleaning agents power off a wide range of contaminants from a wide range of surfaces.

Effective Germ Killers: They kill **Human Coronaviruses including SARS-Cov-2/Covid-19** – and much more; bacteria, viruses, fungus, mildew, and mold. See technical data sheets or visit our [website](#) now.

Kind: Most disinfectants can cause allergies, asthma, cancer, and/or a range of other nasty problems. They pollute the air, waters, and soil. Not ours; our disinfectants are kind to your staff, patients, customers, pets, etc. And our disinfectants are kind to the environment.

Time Savers: Clean, sanitize, disinfect, and deodorize, all in ONE STEP.

Highly Concentrated, Low Cost: A tiny 1oz/30ml value pack pouch makes one gallon/3.8 liters. Just add to water. Imagine how this simplifies delivery, handling, and storage – and slashes costs.

Contact us today to put these amazing disinfectants to work for you

The basis for our core cleaning solutions was developed in 2005 in partnership with the U.S.A. Environmental Protection Agency (EPA) and is recommended and promoted by the EPA. With this background, you know you can rely on both the cleaning ability and the environmental benefits.

By using these products, you are helping to protect the environment and safeguard human health.

ENVIRONMENTAL & SAFETY

- pH neutral
- Water based
- Safe
- Economical
- Versatile
- Effective
- Biodegradable
- Non-toxic
- Non-VOC
- Butyl Free
- Phosphate Free
- Solvent Free
